

2010 Medicare Supplement Insurance Plans M and N

Plans M and N are generally lower-priced than other Medicare supplement plans for a simple reason: You help pay more of the out-of-pocket costs Medicare doesn't cover.

For example, Plan M pays half of the Medicare Part A deductible and you pay half. And, Plan M does not pay the Medicare Part B deductible or for excess benefits, you do. That lowers your annual Plan M premium.

Plan N doesn't pay the Medicare Part B deductible or for excess benefits either, you do. You also help pay the Medicare Part B coinsurance for office and emergency room visits.

As with any choice, it comes down to what you're comfortable with. Plans M and N might be attractive options if you prefer lower premiums in exchange for higher out-of-pocket costs.
