1 CHECK THE DRUG LIST (FORMULARY)

This plan has a list of covered drugs. Check it to make sure all of your drugs are covered. The <Formulary Drug List in Your Welcome Guide includes the most common, but not all, of the drugs covered by your plan.

2 LOOK UP YOUR DRUG'S TIER

In general, the lower the tier, the less you'll pay. Talk to your doctor about lower-cost options.

3 WATCH FOR ANY CODES

If there are any codes listed with your drug (such as QL or PA), call Customer Service and we'll help you with the next steps.

4 GET YOUR PRESCRIPTIONS FILLED

You can reference the <Pharmacy Directory> in this booklet to find a pharmacy in our network. Manufacturers can change drug prices throughout the year and prices can vary by pharmacy. [But you have our Savings Promise that you'll get the lowest price available – your plan copay, pharmacy retail price, or our contracted price with the pharmacy – for the prescription drugs covered by your plan].

LEARN MORE

Look at your Welcome Guide for details about how to use your plan, your drug costs, pharmacies and more.

[<Premium and/or co-payments for insurance> may change on January 1 of each year.] [The <formulary, pharmacy network> may change at any time. You will receive notice when necessary.]
AARP/Walgreens PDP Plans
 [Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP and its affiliates are not insurers. You do not need to be an AARP member to enroll. AARP encourages you to consider your needs when selecting products and does not make specific product or pharmacy recommendations for individuals. United contracts directly with Walgreens for the plan. AARP and its affiliates are not parties to that contractual relationship.]
