UNDERWRITING GUIDELINES

Our Senior Choice life insurance plans target a broad spectrum of the final expense insurance market. These policies and our application Form 9466 (with state variations) [AA, OL, PA, PS]; Form GL213 (with state variations) [IAA] accommodate a simplified approach to purchasing life insurance.

Senior Choice "Immediate Death Benefit" policy is for those with no serious health history and who can answer "NO" to all health questions 1 through 8 on the application.

Senior Choice "Graded Death Benefit" policy is for those who answer "NO" to questions 1 through 7, but "YES" to health question 8.

Senior Choice "Return of Premium Benefit" policy is for those who answer "NO" to questions 1 through 3, "YES" to any health questions 4 through 7.

If health questions 1, 2, or 3 are answered "YES" the applicant is not eligible for any of the Senior Choice plans.

The Senior Choice application features simple "YES" or "NO" questions that enable you to quickly determine which plan of insurance the applicant may be eligible for.

SIMPLIFIED UNDERWRITING

Eligibility for coverage is based on:

- A simplified "YES/NO" application, &
- A telephone interview (if applicable), &
- Check with the Medical Information Bureau (MIB, Inc.), &
- Check with a Pharmaceutical related facility(s), &
- Proposed Insured's build (see the liberal height/weight charts found in this guide)

TELEPHONE INTERVIEW

A telephone interview conducted with the Proposed Insured is required on every application for the Immediate and Graded Death Benefit Plans prior to the policy being issued.

After fully completing the application you may call from the client's home for the personal history telephone interview. The interview is designed to confirm the answers given on the application. The interview can be completed in either of 2 ways:

- 1) at point-of-sale (recommended), or
- 2) the interview company will contact the Proposed Insured after receipt of the application by the Home Office.

Point-of-sale telephone interviews can be completed by calling one of the toll free numbers below. When calling be sure to identify yourself, Company and product being applied for "Senior Choice". The applicant must always complete the telephone interview without assistance from the agent or another person. If the interview is completed at point-of-sale, mark the "Telephone interview completed" question "Yes" in the upper, right-hand corner of the application. If the sale is made outside of the vendor's hours of operation or if the interview is not completed at point-of-sale, mark this question "NO" and the Company will initiate the call upon receipt of the application.

For Apptical interviews, you MUST write "Apptical" in the top right-hand corner of the application and include the Apptical case number provided to you. Agents MUST ALWAYS submit the application to the Home Office along with the HIPAA form (No. 9526); even if your client is not eligible for coverage or decides not to proceed with the application process. The Company is required by law to maintain these documents in our files. In this event, please write "Withdraw" at the top of the application. OTHER REQUIRED FORMS / KEY ADMINISTRATIVE GUIDELINES

- **Incomplete or unsigned applications** – applications that are not completed in their entirety or are missing required signatures will be amended or returned for completion. Please make sure that all blanks are filled in and the application has been reviewed and signed by the Owner and Proposed insured. Also, remember to include your agent number.

 - **Accelerated Benefit Confined Care Rider Disclosure Statement, Form No. 9761 or 3157 in NC (AA, OL, PA, PS); TI504 (IAA)** – must be presented to the applicant and the agent must certify that it has been presented when applying for the Immediate Death Benefit plan.
 - **HIPAA, Form No. 9526** – must be submitted with each application.
 - **Replacement Form** (if required) – complete all replacement requirements as per individual state insurance replacement regulations.
 - **Replacement of Existing Insurance** – Great care and attention should be given to any decision to replace an existing policy. You have a responsibility to make sure that your client has all of the necessary facts (advantages & disadvantages) in order to determine if the replacement is in his/her best interest. Replacements (both external & internal) should not be done if it is not in your client's best interest, both short and long term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's "Compliance Guidelines" manual found on our website. Applications involving replacement sales are monitored on a daily basis. If a trend of multiple replacements or a pattern of improper replacements is noticed, we may take appropriate disciplinary action to include termination of an agent's contract.
 - **All changes must be crossed out and initialed by Proposed Insured.** – No white outs or erasures are permitted on the application.
 - **Application Date/Requested Policy Date** – The application date should always be the date the Proposed Insured answered all the medical questions and signed the application. The Requested Policy Date cannot be more than 30 days out from the date the application was signed.
 - **Applications for Return of Premium Plan** – While completing the health questions on the application with the proposed insured if you encounter a "yes" answer in the ROP section, that is the last health question that must be answered. After that initial "yes" answer, the health questions following may be left unanswered. (NOTE: When the ROP plan is being applied for, a telephone interview is not required).
 - **Re-Writes on Same Insured** – If a second application is written on the same individual (1) within 6 months of the first policy being issued or (2) which increases the face amount to the maximum allowable for that age, medical records will be ordered on that individual by the Underwriting Department.
 - **Initial Premium** – The first full modal premium is required with the application, unless the initial premium is bank draft. The initial premium can be submitted in the form of applicant's personal check, E-Check, or bank draft for 1st premium. See the E-Check procedures described in this guide. **MONEY ORDERS NOT ACCEPTED.**
 - **Applicants Re-applying for Coverage** – A new application will not be processed if the Proposed Insured has had 2 policies with any of our companies within the previous 12 months, or had 3 or more policies in the past 5 years, which have lapsed, been made not taken, surrendered, or cancelled. This applies regardless of the plan(s) which have previously been written or who the writing agent may have been on the previous policies.
 - **Request for Re-dates and/or Reinstatements** – It is often easier and in the best interests of your clients to request that a policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:
 - **Re-date and Reinstatement Request*:**
 - If the request is being made within 60 days of the policy date:
 - A policy can be re-dated simply by sending an email request to our Policyholder Service Department. These requests can be sent to Policy Services at pos@aatx.com.
 - There is no additional paperwork necessary.
 - * A policy can be re-dated ONE time only.
 - **Reinstatement Request Only**:**
 - If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - We require both a "Statement of Health" (Form No. 1110) & HIPAA (Form No. 9526) to be completed.
 - In addition, a new bank authorization (Form No. 1963) is required if payments will be made via bank draft. Or we would require the back premiums due if the payments will be made on direct bill.
 - The documents above should be faxed to Policyholder Service at (254) 297-2105.
 - As an alternative a new application can be completed and submitted with "Reinstatement" and the policy number indicated at the top. These should also be faxed to Policyholder Service at (254) 297-2105.
 - If the policy lapse occurred more than one year after the policy date:
 - We require a new application to be completed and submitted to the New Business Department at **fax # (254) 297-2100.**
 - Make sure to send a note with the application indicating this is a "Reinstatement" & indicate the original policy number.
- ** Upon request we will review these on a case by case basis to see if they can be considered for a re-date & reinstate.

CUSTOMER BENEFITS

- Simple YES/NO application
- No medical exams or blood work required
- Affordable rates that will not increase
- Benefits not subject to Federal income tax
- Cash value for emergencies and other needs

Senior Choice: Field Underwriting Hints.

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting – Carefully ask all of the application questions and accurately record the answers.
- Client Honesty and Cooperation – Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the Proposed Insured for the interview. The interview will be brief, pleasant, professionally handled, and recorded.

SPEED UP YOUR TURNAROUND TIME!

Practice these simple guidelines

BEFORE asking any health questions stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription database, MIB, etc.

THE MORE COMPLETE INFORMATION you can provide on the application significantly REDUCES the need to order medical records and speeds up issue time!

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of submitting applications with Non-Admitted medical information will likely receive special attention when their applications are reviewed by the Underwriting Department. Medical records on those applicants will be requested until the Underwriting Department believes that agent has corrected their field underwriting problems.

Do not let poor field underwriting contribute to unnecessary delays in both the issuing of your business and the payment of your compensation.

BANK DRAFT PROCEDURES

Draft First Premium Once Policy is Approved:

- 1) Complete the Preauthorization Check Plan fields found at the bottom of the back of the application. Please specify a Requested Draft Day, if a specific one is desired.
 - (a) Once the application is approved, the first premium will be drafted upon the date specified. Or if no date is specified, the draft will occur on the day the policy is approved.
 - (b) The initial draft cannot occur more than 30 days after the date the application was signed.
 - (c) Drafts cannot be on the 29th, 30th or 31st of the month.
- 2) A copy of a void check or deposit slip should accompany the application any time that one is available. If one is not available, then we highly recommend that you also complete the Bank Account Verification section of Form 9903 and submit it along with the application. This helps to ensure the accuracy of the account information and reduces the occurrences of returned drafts. (If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number. DO NOT use the number found on the card.)

Immediate Draft for Cash with Application (CWA) using E-Check:

- 1) To bind coverage IMMEDIATELY, you may use the E-Check option. If this option is selected, you must complete the E-Check section of Form 9903 in addition to items 1 & 2 listed above.
 - (a) The E-Check section of form 9903 (found at the bottom of the form) authorizes the Company to immediately draft for the 1st premium upon receipt of the application. Submit this form along with the application.
 - (b) When the application is approved, the initial premium will be applied to pay the first premium. Future drafts will be based on the next premium due date and the requested draft day (if one is provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month, or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums draft on these same dates, please follow the instructions below:

- On the **"Requested Draft Day"** line of the **"PREAUTHORIZATION CHECK PLAN"** on the back page of the application, you will need to list one of the indicators below:
 - **"1S"** – if payments are received on the 1st of the month
 - **"3S"** – if payments are received on the 3rd of the month
 - **"2W"** – if payments are received on the 2nd Wednesday of the month
 - **"3W"** – if payments are received on the 3rd Wednesday of the month
 - **"4W"** – if payments are received on the 4th Wednesday of the month
- The **"Policy Date Request"** field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point of sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. The rest of the application paperwork is completed in the normal fashion. Also, you still have the option of requesting immediate drafts for CWA; just follow the normal procedures for doing so.

PRODUCT SOFTWARE

No NAIC Illustration is required for the sale. However, presentation software is available on the company websites and will quickly and easily present the guaranteed death benefit & guaranteed cash values.
