Plan information

The Ameritas Dental Network is one of the largest in the nation, making it easier for policyholders across the country to see the dentist of their choice.

- 98% of providers stay with Ameritas year after year
- Network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders
- The Ameritas Dental Network offers access to providers in the U.S. and Mexico

Policyholders can visit any dentist and family members do not need to visit the same provider. Find a Classic (PPO) network provider at ameritas.com — Find a Health Provider.

MAC/MAB claim allowance

The Maximum Allowable Charge (MAC) claim allowance is the maximum amount a network provider may charge. If a policyholder selects a network provider, they may have lower out-of-pocket costs. If they visit an out-of-network dentist, the claim allowance is considered at the Maximum Allowable Benefit (MAB), which is equal to the lowest contracted fee in the ZIP Code area. Policyholders pay the difference between what the plan pays and the dentist's actual charge.

Preventive Plus
Type 1 Preventive procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Basic and Major procedures.

Teeth whitening
Professional teeth bleaching, also known as whitening, is a popular cosmetic procedure. This plan provides Type 3 coverage toward bleaching procedures recognized by the American Dental Association and performed by a dentist. Professional teeth bleaching can last from five to seven years with proper care.

Child orthodontia benefit
The orthodonita benefit is a lifetime benefit for dependent children up to age 19 and is available after year one. Plan payments are made in equal quarterly installments for up to two years. Orthodontic services can help straighten teeth, close gaps between teeth, correct bite problems and correct teeth and jaw alignment.

LASIK benefit
The LASIK benefit is a lifetime benefit that pays once per eye, and per-eye benefits cannot be combined to treat a single eye. The plan benefit increases after year two. The policyholder must be 18 or older to receive LASIK benefits.
