- Ameritas dental network savings

Plan information

The Ameritas Dental Network is one of the largest in the nation, making it easier for policyholders across the country to see the dentist of their choice.

- 98% of providers stay with Ameritas year after year
- Network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders
- The Ameritas Dental Network offers access to providers in the U.S. and Mexico

Policyholders can visit any dentist and family members do not need to visit the same provider. Find a Classic (PPO) network provider at ameritas.com — Find a Health Provider.

U&C claim allowance

If a policyholder visits an out-of-network dentist, covered benefits are paid at the 80th percentile of usual and customary (80th U&C) charges. This means we expect 8 out of 10 charges from dental providers to be within the amount insurance pays for a covered procedure. Policyholders pay the difference between what the plan pays and the dentist's actual charge. If they visit a network provider, payments are based on the dentist's contracted fees (MAC/maximum allowable charge), which may result in lower out-of-pocket costs.

Indemnity claim allowance

Covered benefits are paid at the 80th percentile of usual and customary (80th U&C) charges.

Preventive Plus

Type 1 Preventive procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Basic and Major procedures.
