PRODUCT OVERVIEW

Accidental Death Benefit Coverage

Fidelity Life Association's ADB policy covers the insured in case of death resulting from an accident within 90 days of the accident.³ And for additional peace-of-mind, the ADB coverage can be extended to the insured's spouse and dependent children.

Issue Limits, Face Amounts and Benefits

Fidelity Life's Accidental Death Benefit policy is available from ages 20 through 65, with coverage limits between \$50,000 and \$500,000. The policy is underwritten on a guaranteed issue basis—there are no medical questions on the application.⁴ Most applications are approved within 24 hours.

The policy pays full benefits until age 70, at which time benefits reduce by 50%. Benefits then remain level at this reduced amount until the policy expires at age 80.

Product Features

Included with the policy at no extra charge are additional Auto Safety and Travel Accident Benefits, which are described below. In addition, optional riders are offered for a nominal extra premium. The Return of Premium rider allows the insured to receive a percentage of premium back. The Inflation Rider automatically increases the policy's death benefit. The Waiver of Premium Rider waives the policy premium if the insured becomes disabled as defined by the rider. The Family Accidental Death Benefit Rider can provide additional benefits for a spouse and dependent children. Additional details on these riders are described on the following pages.
