Help save money and your vision with a HumanaOne Vision Focus Plan

When it comes to vision insurance, it's not unusual to question if you really need it. Or if it's worth the money. But the question you may want to ask yourself is, "Can I afford not to get it?"

Many eye and vision problems begin with no clear symptoms. That means you may not be aware of diseases that could affect your health in the future. Routine eye exams can help detect these problems. Early diagnosis and treatment can help prevent permanent vision loss according to the American Optometric Association.

Choosing the **HumanaOne Vision Focus Plan** makes it easy and affordable to protect your eyes. You will save on preventive services that can catch costly problems before they start. You'll also get discounts on other vision related services like LASIK and a second pair of eyewear. You deserve vision health. And now it's easier to afford.

Take a look at all you get in-network:

- Guaranteed approval — you'll never be turned away for pre-existing conditions
- The following benefits are included once every 12 months:
 - Comprehensive vision exam covered at 100 percent after \$10 copay
 - Eyeglass lenses covered at 100 percent after \$25 copay
 - Allowance for elective contact lens services and materials, 100 percent coverage on materials if medically necessary
- Every 24 months: \$100 allowance, plus additional discounts on retail frames
- Valuable discounts on laser vision correction procedures.

You'll gain other benefits too. And we offer you genuine customer care at every step. The benefits are easy to use and understand. Plus, there are no claims to file.

Premiums range from just \$15 - \$18 a month for individuals and \$49 - \$52 a month for families.

National network provides real savings

With the HumanaOne Vision Focus Plan, you'll have access to the extensive EyeMed network: 20,000 providers and 35,000 locations, including optometrists, ophthalmologists, opticians, and some of the most recognizable names in eye care, such as LensCrafters®, Pearle Vision®, Sears Optical®, Target Optical®, and JCPenney Optical®. Many offer appointments after work and on weekends, so you can arrange your visit to fit your schedule.
