Prescription Drug Benefit Utilization Management Programs⁸	Specialty Pharmacy Program: To be eligible for maximum benefits, specialty medications must be obtained through the preferred Specialty Pharmacy provider. Member Pay the Difference: When you choose a brand name drug over an available generic equivalent, you pay your usual share for the brand plus the difference in cost. Prior Authorization/Step Therapy Requirements: Before you receive coverage for some medications, your doctor may need to obtain authorization from BCBSNM. You may need to meet certain criteria or try more cost-effective drugs first. 90-Day Supply: You may receive up to a 90-day supply of covered prescription drugs through home delivery or at select retail pharmacies, depending on your prescription drug benefit.		

1 Benefits reduced when out-of-network providers are used. This is a summary of benefit highlights only.

2 The standard deductible and out-of-pocket maximum for this plan are shown. You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Deductibles do not apply to services for which only copays are charged.

3 The two-visit limit will apply to any combination of PCP/virtual visits. Once the member has had two visits, whether in the office or remotely via virtual visit, the member will pay deductible and coinsurance for subsequent visits.

4 Members may have lower out-of-pocket costs for some services provided by non-emergency freestanding outpatient facilities than the out-of-pocket costs for services provided in a hospital setting. See your Summary of Benefits and Coverage for additional details.

6 Prescription drug benefit coverage starts after annual medical deductible has been met, not counting copays. Retail stores in the Preferred Pharmacy Network offer members prescriptions with a lower possible member cost share amount.

7 Prescription drug payment level tiers: Preferred Generic / Non-Preferred Generic / Preferred Brand / Non-Preferred Brand / Preferred Specialty / Non-Preferred Specialty

8 Home delivery is not available for Specialty tier drugs. Specialty tier drugs are limited to a 30-day supply. Coverage limitations may apply to certain medications.
