

MyPriority Standard Plans

Why choose this plan option?

The Department of Health & Human Services (HHS) and the Centers for Medicare & Medicaid Services (CMS) have created standard plans, with a goal to strengthen the coverage offered on the federal Marketplace. Standard plans have uniform plan designs with the same cost-sharing parameters from issuer to issuer, making plan choice and comparison simpler for enrollees. In addition to offering the CMS required coverage on standard plans, Priority Health has added additional benefits to our MyPriority standard plans.
