Preferred Provider Organization Plan

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

SECTION 1. About This Policy

This Policy has been applied for as Individual Coverage. Read this entire Policy carefully. It sets the terms and conditions of Coverage and describes the health care services that are Covered for Members. This contract describes the rights and obligations of Members and Priority Health. It is your responsibility to understand the terms and conditions of your health benefits contained in this Policy.

This Policy only Covers Non-Occupational Injuries and Non-Occupational Illnesses, and it only Covers Medically/Clinically Necessary services or supplies that are furnished while a person is a Member. In some circumstances certain medical services are not Covered or may require prior approval by Priority Health.

This is a non-renewable Policy. This plan is not intended to be of a permanent nature and **does not cover Pre-Existing Conditions. See Section 6 of this Policy.**

Note: You are responsible for those Copayments, Deductibles, Coinsurance and any amount over Reasonable and Customary listed in the Schedule of Benefits.

Coverage under this Policy is available to the Subscriber and the Subscriber's Covered Dependents (Members), as defined in this Policy. For Coverage to become effective, the Subscriber, on behalf of himself or herself and his or her Covered Dependents, must submit to us a completed application form and, upon approval, the required Premium.

Newborns born after the effective date of this Policy must be enrolled and any additional Premium paid within 31 days from birth if Coverage is to continue beyond the 31-day period. Coverage continues until the policy ends.

RIGHT OF CONTRACT EXAMINATION

The Subscriber may return this Policy to us within 10 days after the date of delivery if he or she is not satisfied. If the Subscriber returns this Policy, it will be void from its effective date and any Premium paid will be returned. This provision or the fact of its existence will not be used to defeat or reduce any other right of the Subscriber.

SECTION 2. Eligibility

You and your dependents who have met the eligibility requirements stated in this Section and this Policy will be eligible for enrollment as Members.

Short-term policies can be written for two separate Policy Terms so long as the total period of coverage does not exceed six months in any twelve month period. Each Short-Term Policy will have its own effective date and all benefit provisions must be re-satisfied. A Condition Covered under a prior Short-Term Policy may be considered a Pre-Existing Condition under this Policy.

A. Subscriber

You may enroll as a Subscriber if you:

- (1) are a current resident of Michigan and have resided in the United States for six consecutive months prior to your application submission date; and
- (2) are not eligible for any group health coverage (excluding COBRA) and are not enrolled any group or association health coverage; and
- (3) do not intend to travel to a destination where war, hostilities or insurrection exist or are imminent during the Policy Term; and
- (4) are not excluded because you are eligible for or enrolled in other health coverage as noted below (eligibility for Medicaid or VA benefits does not exclude you from coverage under a MyPriority individual health plan); and
- (5) are an adult age 18 or over but less than age 65 (Coverage for the Subscriber and any Covered Dependents under this Policy terminates when the Subscriber reaches age 65); and
- (6) submit a completed and signed application form and, upon approval, the required premium; and
- (7) meet the medical criteria set forth in the application form and are approved for enrollment.

You are *not* eligible to enroll in MyPriority individual Coverage if you:

- (1) are enrolled in any other individual health coverage; or
- (2) are eligible for and enrolled in any group health coverage (excluding COBRA); or
- (3) are eligible for or enrolled in any governmental health insurance programs, including Medicare, Children's Special Health Care Services, CHIP (such as MICHild of Michigan), and prescription drug coverage; or
- (4) are eligible for any public or private financial assistance programs related to health coverage, including, but not limited to, prescription drug coverage; or
- (5) are in detention or incarcerated in a facility such as a youth home, jail or prison, are in the custody of law enforcement officers, or are on release for the sole purpose of receiving medical treatment.

B. Covered Dependents.

You may enroll as a Covered Dependent if you:

- (1) meet the medical criteria set forth in the application form and are approved for enrollment; and
- (2) do not intend to travel to a destination where war, hostilities or insurrection exist or are imminent during the Policy Term; and
- (3) are legally married to the Subscriber, a resident of Michigan and less than age 65 (Coverage for a Covered Dependent terminates when the Covered Dependent reaches age 65); or
- (4) are the Subscriber's child (including a stepchild, legally adopted child or natural child) and you are between the ages of 15 days and 26 years. Eligibility under this section (4) continues to the day the Subscriber's child turns age 26.

You are *not* eligible to enroll as a Covered Dependent if you:

- (1) are enrolled in any other individual health coverage; or
- (2) are eligible for and enrolled in any group health coverage (excluding COBRA); or

- (3) are eligible for or enrolled in any governmental health insurance programs, including Medicare, Children's Special Health Care Services, CHIP (such as MICHild of Michigan), and prescription drug coverage; or
- (4) are eligible for any public or private financial assistance programs related to health coverage, including, but not limited to, prescription drug coverage.
- (5) are in detention or incarcerated in a facility such as a youth home, jail or prison, are in the custody of law enforcement officers, or are on release for the sole purpose of receiving medical treatment.

Special rules apply to a Newborn. A Newborn child is eligible under the following conditions:

- (1) born after the effective date of this Policy, and
 - (2) born to the Subscriber or the Subscriber's spouse
- or

the mother of the child is a Covered Dependent on this Policy under the age of 18.

Note: A dependent spouse (and his or her children) newly eligible during the Policy Term may not be added to your Policy. The newly eligible spouse (and his or her children) may enroll under a separate Short-Term Policy as a Subscriber (or a Subscriber with dependents) if they meet the eligibility requirements in this section.

SECTION 3. Enrollment

This section describes what you need to do to enroll yourself and your eligible dependents. If your Coverage has been terminated for cause, you may not re-enroll even if you do these things. Read Section 9 to learn more about termination for cause.

A. Initial Enrollment.

To enroll as a Subscriber, you must fill out an application form, sign it, and return it to us with authorization for electronic funds transfer for Premium payments. On the application form, you must list every person being enrolled, and give the information asked for about each person.

Note: A dependent spouse (and his or her children) newly eligible during the Policy Term may not be added to your Policy. The newly eligible spouse (and his or her children) may enroll under a separate Short-Term Policy as a Subscriber (or a Subscriber with dependents) if they meet the eligibility requirements in this section.

B. Enrollment of a Newborn Child.

We will Cover an eligible Newborn child for Injury or Illness (including necessary care and treatment of medically diagnosed congenital defects and birth abnormalities) for the first 31 days from birth. If you want the newborn's Coverage to continue beyond the first 31-day period, you must fill out and return to us an application change form within 31 days after the child is born and pay any additional required Premium payment.

C. Enrollment of a Legal Adopted Child.

A legally adopted child may be enrolled as a Covered Dependent if the child meets the eligibility requirements described in Section 2.B if you complete and submit to us a signed application change form, with any additional required Premium payment, within 31 days from the date of the child's placement in your physical custody.

D. Special Enrollment as a Result of a Court or Administrative Order.

If you provide us with a copy of a court judgment, decree or order (including approval of a settlement agreement) that provides for benefit coverage with respect to a child of a Subscriber, and is made pursuant to a State domestic relations law, you may enroll the child. The child must be otherwise eligible for Coverage as a Covered Dependent under Section 2.B except that the child is not required to be dependent on you for more than half of his or her support.

As Subscriber, you must complete and submit a change form to us along with any additional required Premium payment. Coverage will become effective upon our acceptance of the court or administrative order, the change form and any required Premium payment.

This special enrollment option is not subject to the Qualified Medical Child Support Order (QMCSO) requirements due to the fact that this is not a group health plan.

E. Notification of Change in Status or Other Changes that Affect Coverage and Eligibility

You must let us know about any changes that affect Coverage under this Policy. You do that by filling out a change form and returning it to us or by calling our Customer Service Department. You must notify us if any of the following happens to anyone Covered under this Policy:

- (1) change of address;
- (2) change in Covered Dependent status;
- (3) eligibility for group health coverage (excluding COBRA);
- (4) eligibility for federal, state, county or local governmental or quasi-governmental health coverage;
- (5) eligibility for public or private financial assistance programs related to health coverage, including but not limited to prescription drug coverage; or
- (6) coverage by any other individual, group or association health plan.

These are just examples, and you must let us know about any other change that, according to this Policy, affects your Coverage or Coverage for your Covered Dependents.

You must let us know about the change within 31 days after the change happens. If you do not, and we discover the change, we will use the correct information to determine whether or not services you receive are Covered.

F. Loss of Eligibility.

You will lose your eligibility and your Coverage will terminate if you no longer meet the eligibility criteria listed in Section 2 of this Policy, or if you lose your eligibility as described in Section 9.B.

G. Genetic Testing

Enrollment under this Section 3 is not contingent on undergoing genetic testing or disclosing results of any genetic testing to us.

SECTION 4. Effective Dates of Coverage

Your Coverage under this Policy will become effective on the latest of:

- (1) The effective date you request on your application; or
- (2) The underwriting approval date.

Coverage for a dependent child newly eligible during the Policy Term and enrolled as described in Section 3 above, will become effective on the latest of: date of the dependent's birth, adoption or placement for adoption, or date specified in the court order.

Note: A dependent spouse (and his or her children) newly eligible during the Policy Term may not be added to your Policy. The newly eligible spouse (and his or her children) may enroll under a separate Short-Term Policy as a Subscriber (or a Subscriber with dependents) if they meet the eligibility requirements in this section.

SECTION 5. Obtaining Covered Services**I. How The Plan Works.**

This plan is designed as a Preferred Provider Organization ("PPO") health plan for your medical benefits. The plan provides a network of medical care providers ("Network Providers") who have agreed to provide services for specified fees. Under the plan, you may choose to use either Network services or Non-Network services (as described in this section), at the point in time when Covered Services or Supplies are desired. In order to receive Network services, you are responsible to ensure that the Provider participates in the Network at the time of service.

As a Member you may obtain medical services directly from a Network Provider, allowing you to receive "Network Benefits". You will be responsible for the Copayments, Deductibles, Coinsurance and any amounts over Reasonable and Customary shown under the heading of "Network Benefits" in the Schedule of Benefits. Generally, Network Benefits will cost you less out-of-pocket than Non-Network benefits. If you receive services from a Non-Network Provider you will receive "Non-Network Benefits" (except as otherwise specified in this Policy). You will be responsible for the Copayments, Deductibles, Coinsurance and any amount over Reasonable and Customary shown under the heading of "Non-Network Benefits" in the Schedule of Benefits. At any time during

your course of treatment, you have the option to return to a Network Provider for medical care. If you do, the plan will cover care by a Network Provider at the Network Benefit level.

To verify the current network status of Network Providers, contact our Customer Service Department at 800 528-8762 or on our website at priorityhealth.com. You are responsible for determining whether a provider is part of the Network before receiving services. Unless otherwise specified in this Policy, benefits will be paid based on the network status of the provider as of the day services are received.

Generally, you will have the lowest out-of-pocket amounts and the most cost savings with the Network Benefit option. The Non-Network Benefit option typically involves a higher out-of-pocket expense. But the Non-Network Benefits option allows you to choose any provider, anywhere, and at any time.

Non-Network Benefits are available on a world-wide basis. Prior approval of certain services is required as described in Section 5.II. Benefits may be reduced for failure to obtain or follow prior approval requirements.

A. Network Providers.

Network Providers can provide your medical care, including Primary Care and Specialty Care. A Network Provider can provide or coordinate services such as lab tests and x-rays, prescribe medicines or therapies, and arrange hospitalization. Only those services provided by a Network Provider will be covered as Network Benefits, except as otherwise stated in this Policy.

B. Termination of Provider's Participation.

A Network Provider, or the Network, can terminate the provider's contract and you will need to change to a different Network Provider to maintain Network Benefits. We do not promise that you will be able to receive services from a specific Network Provider the whole time you are covered by this Policy.

If, at the time a Network Provider's contract with us is terminated, you are receiving on-going care with the provider and the provider is able to continue treating you, you may continue to be treated by this provider for up to 90 days or until the Network has made arrangements for another provider to provide the services. In addition, if, at the time a Network Provider's contract with us is terminated, you are undergoing treatment for a terminal illness, you may continue to be treated by that provider for the remainder of your life. This paragraph does not apply if the Network Provider's contract has been terminated for quality of care reasons.

We will assist you in finding another Network Provider and in receiving care during the transition if your Network Provider's contract is terminated. If you have any questions, please call our Customer Service Department at 800 528-8762.

C. Referral Care and Second Medical Opinion.

Your physician, or another health professional, may refer you to a provider who does not participate in the Network. You are responsible to make sure each provider participates with the Network before receiving services in order to receive the Network Benefit level.

A second medical opinion from a specialist may be appropriate for certain health conditions and proposed surgeries. We will Cover second medical opinions from Physicians having skills and training substantially similar to those of the Physician making the original treatment recommendation. Benefits for second opinion services will be based on the Network status of the provider at the time of service. Any tests, procedures, treatments or surgeries recommended by the consulting provider must be performed by a Network Provider to receive benefits at the Network Benefits level.

Note: Sometimes a provider might refer you for, or suggest, a service that the plan does not cover. The plan will not cover a service that would not be covered otherwise just because a provider referred you or suggested the service.

D. Review of Health Care Services and Supplies.

Priority Health can review services and supplies that health professionals recommend or provide to decide whether those services and supplies are Covered under this plan. If Priority Health decides that the services and supplies are not Covered, Priority Health will let you know. If you disagree with the decision and want that decision to be reviewed, you must follow the procedures described in Section 10 of this Policy.

E. Additional Information

We will provide you with the following additional information when you request it by calling or writing our Customer Service Department:

- (1) You may request a current Provider Directory. This lists our current provider network.
- (2) Any prior approval requirements and any limitations, restrictions or exclusions on services, benefits or providers.

- (4) How we evaluate new technology for inclusion as a Covered Service.
- (5) How we evaluate new drugs for inclusion in our formulary.
- (6) A printed version of this Policy.

F. Items or Services Received from or Ordered by any Provider Included on the Office of Inspector General's List of Excluded Individuals/Entities.

Consistent with the federal guidelines for payment of sanctioned providers, Priority Health will not pay claims for items or services furnished, ordered, or prescribed by any provider listed on the Office of Inspector General's (OIG) List of Excluded Individuals/Entities. The basis for exclusion may include convictions for program-related fraud and patient abuse, licensing board actions and default on Health Education Assistance Loans.

You will be responsible for the full payment of items or services furnished, ordered, or prescribed by any provider included on the OIG List of Excluded Individuals/Entities. This includes items or services such as prescriptions written by or medical equipment ordered by a provider included on this list. This list is available on the OIG website at www.hhs.gov/oig.

II. Prior Approval of Benefits.

Certain services and supplies that Health Professionals recommend or provide to you must receive prior approval from Priority Health before they can be Covered.

General Services categories for which prior approval from Priority Health is required:

- (1) All inpatient services (including inpatient hospice services and inpatient substance abuse services).
- (2) Durable medical equipment \$500.00 and over and all rentals.
- (3) Prosthetics and orthotics \$500.00 and over, all rentals and all shoe inserts.
- (4) Certain high-tech radiology examinations, including positron-emission tomography (PET) scans, magnetic resonance imaging (MRI), computed tomography (CT scans) and nuclear cardiology studies.
- (5) Home health care, including home infusion services. Hospice services in the home do not require prior approval.
- (6) Reconstructive surgery.

The list of services that require prior approval from Priority Health may be updated from time to time as new technology and standards of care emerge. A current detailed list is available by calling our Customer Service Department at 800 528-8762 or on our website at priorityhealth.com.

See Sections 5.II.A and 5.II.D for the steps of the prior approval process, including how to confirm Coverage before receiving services and supplies.

Prior approval for other services may be requested by you or your provider in order to determine medical/clinical necessity prior to treatment. Prior approval is not a guarantee of Coverage or a final determination of benefits under this plan.

A. Prior Approval Must be Obtained:

At least 5 working days before a non-Medical Emergency admission or procedure, including transplants.

In addition, emergency admissions must be reported to our Health Management Department as soon as reasonably possible after the time of admission.

B. Retrospective Review

If approval in advance is not obtained for those services requiring prior approval, we will review the claim after you receive the services. If we determine that care received was Medically/Clinically Necessary and appropriate, the care will be Covered at the applicable Benefit level with a reduction in benefits as shown on the Schedule of Benefits. If we determine that the care received was not Medically/Clinically Necessary and appropriate, the charges will not be Covered.

C. Re-evaluation of Decision on Prior Approval.

At any time, you or your Physician may ask our Health Management Department (or our Behavioral Health Department in the case of substance abuse services) to re-evaluate our decision on prior approval, or to extend the number of days of Hospital confinement considered Medically/Clinically Necessary for the treatment of a condition. In non-urgent cases, where you ask to extend the number of days of Hospital confinement, we will approve, deny or partially approve your request as soon as reasonably possible, but not later than 24 hours after receipt of the request, provided that you make such a request at least 24 hours prior to the expiration of the prescribed period of time. If the Hospital confinement extends beyond the number of approved days, the additional days will not be Covered unless the extension of days is Medically/Clinically Necessary and we have given approval in advance for the extension before the extension begins.

D. Prior Approval of Certain Health Care Services and Supplies.

As stated in this Section 5.II above, certain services and supplies that Health Professionals recommend or provide to you must receive prior approval from Priority Health before they can be Covered. In most cases, Priority Health will approve, deny or partially approve or partially deny a request for prior approval within 15 days of receipt. However, in urgent cases, the determination period is reduced to 72 hours. In some cases we may ask you for additional information or additional time in which to make our determination. In all cases, if you obtain services that we say are not Covered, you will be responsible for payment for those services. If you want our decision to be reviewed, you must contact us. Section 10 tells you how to do that.

See Section 5.II.E below for the reduction in benefits that may apply when prior approval is not requested.

E. Reduction of Benefit Payment.

If prior approval is not obtained before you receive any of the services listed in this Section 5.II, we will reduce your level of benefits according to the Schedule of Benefits. We will not apply the reduction in benefits to the Annual Out-of-Pocket Maximum Expense. The amount we pay after taking into account any Copayments, Coinsurance and Deductibles will be reduced even if the Annual Out-of-Pocket Maximum Expense has been reached. The Annual Out-of-Pocket Maximum Expense is shown in the Schedule of Benefits.

III. Covered Services At The Network Benefits Level and The Non-Network Benefits Level.

Covered Services, which may be limited by the Schedule of Benefits, are stated below. For additional Covered Services, please review any Addenda to this policy.

A. Network Benefits.

You are entitled to the Covered Services at the Network Benefit level described in Section 5.IV when those services meet the following criteria:

- (1) Medically/Clinically Necessary (as defined in this Policy and according to Medical and Behavioral Health policies established by Priority Health with the input of physicians not employed by Priority Health or according to criteria developed by reputable external sources and adopted by Priority Health); and
- (2) Provided by a Network Provider and approved in advance by us when we consider approval necessary (see Sections 5.II.A and 5.II.D for prior approval requirements and the steps of the prior approval process, including how to confirm Coverage before receiving services. See Section 5.II.E. for the reduction in benefits that may apply when prior approval is not obtained.); and

- (3) Not excluded elsewhere in this Policy or in an Addendum or Amendment to this Policy. (Note: Payment for Covered Services will not exceed the combined Maximum Annual Benefit per Member for Network and Non-Network Benefits.)

For Network Benefits, you are responsible for those Copayments, Deductibles, and Coinsurance as listed in the Schedule of Benefits with this Policy. Deductibles apply to all Covered Services except as indicated on the Schedule of Benefits.

You are responsible for determining whether a provider is part of the Network before receiving services. Unless otherwise specified in this Policy, benefits will be paid based on the Network status of the provider as of the day that services are received. To verify the current Network status of a provider, contact our Customer Service Department at 800 528-8762 or on our website at priorityhealth.com.

B. Non-Network Benefits.

You are entitled to the Covered Services at the Non-Network Benefits level described in Section 5.IV when those services meet the following criteria:

- (1) Medically/Clinically Necessary (as defined in this Policy and according to Medical and Behavioral Health policies established by Priority Health with the input of physicians not employed by Priority Health or according to criteria developed by reputable external sources and adopted by Priority Health); and
- (2) Approved in advance by us when we consider approval necessary (see Sections 5.II.A and 5.II.D for prior approval requirements and the steps of the prior approval process, including how to confirm Coverage before receiving services. See Section 5.II.E. for the reduction in benefits that may apply when prior approval is not obtained.); and
- (3) Not excluded elsewhere in this Policy or in an Addendum or Amendment to this Policy. (Note: Payment for Covered Services will not exceed the combined Maximum Annual Benefit per Member for Network and Non-Network Benefits.)
- (4) For payment at the Non-Network Benefits level, the Non-Network Provider must be appropriately licensed to perform the Covered Service provided. You are responsible for those Copayments, Deductibles, Coinsurance and any amount over Reasonable and Customary listed in the Schedule of Benefits. Deductibles apply to all Covered Services except as indicated on the Schedule of Benefits. You are also responsible for Charges in excess of Reasonable and Customary Charges.

Note: Sometimes a provider may refer you for, or suggest, a service that we do not Cover. Just because a provider refers you, or suggests the service, does not mean you will have Coverage for that service. For example: Acupuncture is excluded from Coverage. If your doctor recommends acupuncture as a treatment for a medical condition, Coverage for acupuncture will not be provided even if acupuncture could prevent the need for more costly Covered Services. Remember – If you receive services that we do not Cover, you must pay for those services.

You should carefully review the rest of this Policy and any Addenda and Amendments for more information about the extent of your Coverage.

IV. Covered and Non-Covered Services

You are responsible for the Copayments, Coinsurance and Deductibles listed in the Schedule of Benefits. Deductibles apply to all Covered Services as described on the Schedule of Benefits.

Preventive health care services described in Priority Health's preventive health care guidelines are not Covered under this Policy.

Pre-natal, delivery and post-partum Maternity Care Services are not Covered under this Policy. Complications of a Pregnancy, as defined, are Covered under the terms and conditions of this Policy.

Health Care Services are subject to the Pre-Existing Condition exclusion described in Section 6 of this Policy.

- (a) You have voluntarily discharged yourself against the advice of a provider from a facility where you are receiving treatment,
- (b) You have been discharged from a facility because of your noncompliance with treatment, or
- (c) You have been noncompliant with treatment directed by your provider and agreed to by you, regardless of service setting.

Priority Health may also deny Coverage of services or supplies when discharging yourself from a facility against medical advice, your being discharged from a facility for noncompliance, or your noncompliance with treatment you and your provider have agreed to in any setting is determined to be a major contributing factor to requiring the follow-up service or supply (e.g., an emergency room visit shortly following your leaving against medical advice from a facility for a related Illness or Injury).

Noncompliance with treatment includes but is not limited to:

- (a) Failure to take prescribed medication.
- (b) Failure to follow through with outpatient treatment after inpatient or other intensive level of care.

Services required by court order and services required to file or respond to an action with a court, including evaluations and testing, or services required as a condition of parole or probation.

Priority Health uses the following criteria when evaluating new technologies, procedures and drugs:

- (a) Evidence of clear therapeutic effectiveness when used in the general population as demonstrated in peer-reviewed clinical trials.
- (b) Evidence of patient safety when used in the general population.
- (c) Evidence that the medical community in general accepts the safety and effectiveness of the service outside of investigational setting.
- (d) Evidence of clinical meaningful outcomes.

- (e) Evidence that clinically meaningful outcomes can be attained at a reasonable cost.

Non-Covered Services

Illegal Acts

Non-Covered Services

Priority Health shall not be liable for any loss to which a contributing cause was the insured’s commission of or attempt to commit a felony or to which a contributing cause was the insured’s being engaged in an illegal occupation or other willful criminal activity. “Willful criminal activity” includes, but is not limited to: (i) Operating a vehicle while intoxicated in violation of Michigan law, or similar law in a jurisdiction outside of this state; and (ii) Operating a methamphetamine laboratory as defined in Michigan law. However, this illegal acts exclusion shall not apply to any loss due to an act of domestic violence or medical condition (both with respect to the victim and the aggressor) or any loss due to a civil infraction or other activity that does not rise to the level of a misdemeanor or felony.

We reserve the right to recover the cost of services and supplies that were initially Covered by us and later determined to be excluded as described in this **Illegal Acts** section.

Not Medically/Clinically Necessary

Services and supplies that we determine are not Medically/ Clinically Necessary according to our medical and behavioral health policies established by Priority Health with the input of physicians not employed by Priority Health or according to criteria developed by reputable external sources and adopted by Priority Health. If you disagree with us about Medical/ Clinical Necessity, you (or your provider, if you wish) may appeal our determination as described in Section 10. But unless and until we agree with you that the services and supplies will be Covered Services, they will be excluded from Coverage.

If we exclude Coverage because a service or supply is not Medically/Clinically Necessary, that decision is a determination about benefits and not a medical treatment determination or recommendation. You, with a Physician, may choose to go ahead with the planned treatment at your own expense. You have the option to appeal our denial of your claim for Coverage under our inquiry, appeal and expedited review procedures as set forth in Section 10.

Services Not Covered

Non-Covered Services

- (a) Charges for treatment of Injury arising out of ownership, operation, maintenance or use of a Motorized Vehicle as a Motorized Vehicle.
- (b) No Legal Obligation to Pay. - (c) No Show Charges. Any missed appointment fee charged by a Network or Non-Network Provider because you failed to show up at an appointment, except in the case of a Medical Emergency.
- (d) Third Party Requirements. Services required or recommended by Third Parties, including, but not limited to:
 - (i) Physical examinations in excess of one per year performed by your Physician,

Note: Complications to non-Covered Services described in this Policy are Covered if they result in a Medical Emergency. Complications of a Pregnancy, as defined in Section 14, are Covered under the terms and conditions of this Policy.

SECTION 6. Limitations

To receive Network benefits, you may only receive services from a Network Provider. Both Network and Non-Network services must be prior approved by Priority Health when required.

You may call our Customer Service Department to find out what services require prior approval. After you have applied for prior approval, our Customer Service Department can also inform you if Priority Health has approved the services. All services received must be Medically/Clinically Necessary.

Note: Sometimes your physician may refer you for, or suggest, a service that we do not Cover. Just because your physician refers you or suggests the service does not mean you will have Coverage for that service. Remember – if you receive services that we do not Cover, you must pay for the services.

A. Pre-Existing Condition Exclusion

Benefits will be excluded under this Policy for each Illness or Injury or condition for which, during the five year period prior to your effective date, medical advice, diagnosis, care or treatment was recommended by or received from a Health Professional. For purposes of this limitation, “treatment” includes the use of prescription drugs. Genetic information is not treated as a Pre-Existing Condition in the absence of a diagnosis of a condition related to the genetic information.

B. Benefit Maximums.

Some of the Covered Services described in this Policy are subject to benefit maximums. The benefit maximums may differ for the Network and Non-Network Benefits levels. The Schedule of Benefits and any Addenda to this Policy list those maximums. Once you reach a maximum for a Covered Service, you will be responsible for the cost of additional services received during the Policy Term even when continued care is Medically/Clinically Necessary beyond the benefit maximum. The cost of those additional services will not count toward your Deductible or Out-of-Pocket Maximum.

C. Out-of-Pocket Maximums.

In addition to your Deductible, the total amount of Copayments and Coinsurance that you will pay for certain services may have a limit. This limit is called an Out-of-Pocket Maximum. The Schedule of Benefits and any Addenda to this Policy provide more information about Out-of-Pocket Maximums that may apply to you.

D. Maximum Benefit per Member for Network and Non-Network Benefits per Policy Term.

The total amount of Network and Non-Network Benefits combined that will be paid for any Member per Policy Term is listed in the Schedule of Benefits.

E. Work-Related Illness or Injury.

We will not pay for any expenses incurred because of Illness or Injury arising out of or in the course of gainful employment. This is true whether or not you apply for Worker’s Compensation benefits. Coverage under this Policy is not intended to replace, duplicate, or substitute for any Worker’s Compensation coverage.

We will not pay for charges for treatment of an Injury received while engaging in any dangerous activity for which compensation or prize money is received including, but not limited to the following:

- a) Participating, instructing, demonstrating, guiding, or accompanying others in parachute jumping, hand gliding, bungee jumping, competing with any motorized vehicle, skiing, or horse riding; or
- b) Practicing, exercising, conditioning, or other physical preparation for any such compensated activity.

Except for the dangerous activity described above, the limitation for Illness or Injury arising out of or in the course of gainful employment described in this section does not apply to a sole proprietor, partner (or spouse, child, or parent of a partner), or corporate officer (who is an officer and stockholder owning at least 10% of the stock of a corporation that has 10 or fewer stockholders) if that person has been excluded from Coverage as an “employee” under the Michigan Worker’s Compensation Act. If this limitation applies to you, please provide information directly to us.

F. Motorized Vehicle.

We will not pay for Covered Services you receive for treatment of Injury arising out of ownership, operation, maintenance or use of a Motorized Vehicle as a Motorized Vehicle.

G. Reasonable and Customary.

The maximum benefit we will pay for any Covered Services at the Non-Network Benefits level is the Reasonable and Customary Charge as defined in Section 16.

H. Services Received While a Member.

We will only pay for Covered Services you receive while you are a Member and Covered under the Policy. A service is considered to be received on the date on which services or supplies are provided to you. We can collect from you all charges for Covered Services that you receive and we pay for after your Coverage terminated, plus our costs of recovering those charges (including attorney fees).

Because you lose your eligibility when in detention or incarcerated in a facility such as a youth home, jail or prison or otherwise in the custody of law enforcement officers, services received under such circumstances, or when on release for the sole purpose of receiving treatment, are not Covered. If you are admitted to a Hospital while in custody, the entire inpatient stay will not be Covered.

I. Uncontrollable Events.

A national disaster, war, riot, civil insurrection, epidemic or other event we cannot control may make our offices, personnel or financial resources unable to provide or arrange for the provision of Covered Services. To the extent that happens, we will not be liable if you do not receive those services or if they are delayed. But we will make a good faith effort to see that services are provided, considering the impact of the event.

J. Physical Examinations and Autopsy.

The insurer, at its own expense, shall have the right and opportunity to examine the person of the Member when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

K. Right to Amend or Terminate Policy.

You do not have any vested right to any current or future benefits under this Policy. Your right to benefits is limited to claims you incur before any of the following occurs: amendment of the Policy, termination of the Policy, expiration of the applicable limitations period, or termination of your participation (including termination of any extension period for which you have properly elected and paid). We may change this Policy and any benefits provided under it at any time. We will promptly notify you of any change or termination.

SECTION 7. Your Rights and Responsibilities

As a Member Covered under this Policy you have the following rights:

- You may receive prompt medical care appropriate for your condition, including emergency care if necessary.
- You may receive information regarding appropriate or medically necessary treatment options, which will enable you to make an informed decision about the treatment you receive, regardless of cost or benefit Coverage.

- You may participate in decisions regarding your health care.
- We will treat you with respect.
- We will protect your privacy.
- We will keep your medical and financial records maintained by us confidential, whether in electronic or written form. We will not disclose information from your medical records without your consent, except when permitted or required by law, in connection with the administration of Priority Health, or for anonymous use in statistical studies and medical research.
- You may inspect your medical records and those of your minor dependents at the office of the proper provider during normal business hours. The provider may limit a parent's or legal guardian's access to a minor's medical records without the minor's consent, as provided by law.
- You may contact us to discuss concerns about the quality of care you have received from a provider.
- You may register a complaint or file an appeal with us, or with the Director of the Michigan Department of Insurance and Financial Services (DIFS) and/or other appropriate state agency, if you experience a problem with us, or a provider.
- You may initiate a legal proceeding if you experience a problem with us or providers after you have exhausted the appeal process.
- We will notify you in a timely manner if we release personal information about you in response to a court order.
- You may review a summary of Priority Health's annual report, and inspect the full report on file with the Michigan Department of Insurance and Financial Services (DIFS).
- You may suggest changes to our Rights and Responsibilities policies for Members.

As a Member you also have the following responsibilities:

- You must read the Policy and accompanying Member materials, and comply with the requirements.

- You must call us with questions.
- You must obtain prior approval from Priority Health for services as noted in this Policy, and comply with the limits of any approval of services.

- You must present your ID Card to the provider before you receive a service.
- You must participate in your health care as much as possible by working to understand your health problems.
- You must follow the treatment goals and other instructions given to you by your provider. You may participate in developing your treatment goals when possible. Priority Health or your providers may ask you to enter into an explicit written agreement setting forth your treatment plan to ensure you understand the instructions.
- You must supply, to the extent possible, information needed by us and health care professionals to provide proper care.
- You must notify providers and us if you have other health insurance coverage.
- You must provide truthful information on your application and in any other information provided to us.
- You must promptly notify us of any change in address.
- You must promptly notify us if your ID card is stolen.
- You must cooperate with us to prevent the unauthorized use of your ID Card and to prevent anyone from obtaining benefits in your place.
- You must promptly notify us if you receive information or material by mistake and cooperating with us to return the information or material in a timely manner.
- You must treat providers and their staff with respect.

SECTION 8. Claims Provisions

I. FOR NETWORK BENEFITS AND NON-NETWORK BENEFITS:

When you receive Covered Services from a Network Provider, you will not be required to pay any amounts except for applicable Copayments, Deductibles, and Coinsurance as shown in the Schedule of Benefits. You will not be required to submit any claim forms for Covered Services received from Network Providers.

Services you receive from Non-Network Providers will be paid at the Non-Network Benefits level. Non-Network Benefits are available worldwide.

See Sections 5.II.A and 5.II.D for the requirements and the steps of the prior approval process, including how to confirm Coverage before receiving services.

A. If You Pay for Covered Services:

When you must pay a health care provider for Covered Services, ask us in writing to be reimbursed for those services. With your request, you must give us proof of payment that is acceptable to us. You must send a bill that shows exactly what services were received, including applicable diagnosis and CPT codes, and the date and place of service. A statement that shows only the amount owed is not sufficient. If you have questions about what to send us, you may call our Customer Service Department.

B. Reimbursement Request Time Limit:

- We ask that you make your request within 60 days of the date you obtained the services. If you do not ask for reimbursement within 60 days, we can limit or refuse reimbursement. But we will not limit or refuse reimbursement if it is not reasonably possible for you to give us proof of payment in the required time, as long as you give us the required information as soon as reasonably possible.
- We will only be liable for a claim or reimbursement request if we receive it within one year after the date you receive the services, unless you didn't submit the claim because you are legally incapacitated.

C. Where to Send Your Bills:

Send your itemized medical bills promptly to us at the address on the back of your ID card.

D. Information May Be Required for Payment:

Before we pay health care providers or reimburse you for services you receive, we may require you to give us more information or documentation to prove they are Covered Services. We will not be liable for a claim or reimbursement request if we ask for additional information from you and you do not respond within 60 days after we request the additional information, unless you didn't submit the additional information or respond to us because you are legally incapacitated. Our right to that information or documentation may be limited by state or federal law.

E. Satisfaction with Benefit Determination:

If you are not satisfied with any benefit determination we have made, you can dispute it under the appeal process. Read Section 10 to find out more about that procedure.

SECTION 9. Termination of Coverage**A. Termination of Policy.**

A Subscriber may terminate the Policy on any day of the month by giving 10 days notice of such termination, either in writing or by calling Customer Service. All Coverage under this Policy will terminate at 11:59 p.m. on the effective date of the termination of this Policy.

If you lose your Coverage, we can collect from you all costs for Covered Services that you received and we paid for after your Coverage terminated, plus our cost of recovering those charges (including attorney fees).

Grace Period.

A grace period of 10 days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

B. Loss of Eligibility.

Your Coverage will terminate if you fail to continue to meet the eligibility criteria listed below. If you lose your eligibility, your Coverage will automatically terminate at 11:59 p.m. on the day the loss of eligibility occurred and we can collect from you the costs of Covered Services that you received and we paid for after your Coverage terminated, plus our cost of recovering those charges (including attorney fees).

You will lose your eligibility on the earliest to occur of the following:

- (1) The date you no longer meet the eligibility criteria listed in Section 2 of this Policy. However, you will not lose your eligibility for medical conditions first diagnosed after the effective date of this Policy.
- (2) The end of the month in which you become divorced from the Subscriber, if you were Covered as a Covered Dependent.
- (3) The end of the month in which you marry, if you were Covered as a Covered Dependent.
- (4) The last day of the month in which you turn 26 years of age if you have enrolled as a Covered Dependent because you are the Subscriber's child.
- (5) The date you enter the military, naval, or air force of any country or international organization on a full time active-duty basis. Your Coverage will not terminate if you are just participating in scheduled drills or other training that does not last longer than one month in any calendar year.

- (6) The date you turn 65 or become eligible for Medicare.

C. Termination for Cause.

- (1) We can terminate your Coverage for cause 30 days after we notify you in writing if any of the following happens:
- (a) You voluntarily refuse or discontinue a service or treatment plan against the advice of a Network Provider(s) and Priority Health that is essential to your health.
 - (b) You fail to pay any required premium.
 - (c) You refuse to cooperate with us as required by the terms of this Policy.
 - (d) You revoke your consent for us to release information to third parties or to receive information regarding your medical care, if your revocation makes it impossible for us to fulfill our responsibilities under this Policy.
 - (e) You refuse to comply with treatment plans, including, but not limited to:
 - (i) Refusal to take prescribed medication.
 - (ii) Refusal to follow through with outpatient treatment after inpatient or other intensive level of care.
 - (iii) Repeated substance abuse detoxification.
- (2) We can terminate your Coverage for cause immediately if either of the following happens:
- (a) We find out you have committed or attempted to commit fraud against us or you have been dishonest with us about some important or material matter, including your responses on the application form. For example, we may terminate your Coverage if we find out you gave us wrong or misleading information about your (or your Dependents') medical conditions, or you let someone else use your ID Card or receive benefits in your place. If we choose, termination can be effective the day you committed the fraud or were dishonest with us. Also, we can collect from you the costs for Covered Services that you received after the effective date of termination and we paid for, plus our cost of recovering those charges (including attorney fees); or
 - (b) You act so disruptively that you upset our ordinary operations or those of a provider, including but not limited to verbally or physically threatening us or a provider.
- (3) We can terminate your Policy back to the original effective date if we determine that you did not meet the eligibility requirements under Section 2 of this Policy and the application form. We can collect from you the costs for Covered Services that you received after the termination date and we paid for, plus our cost of recovering those charges (including attorney's fees), offset by Premium you paid.

If we tell you we have terminated or will terminate your Coverage, we will terminate your Coverage on the date stated in the notice. If you file an appeal within 30 days, we will reinstate your Coverage until a determination is made under the appeal procedure. (Read Section 10 to learn more about the appeal procedure.) If the Appeal Committee determines that your Coverage should be terminated for cause under this Section, we will again terminate your Coverage back to the date stated in the original termination notice. We will only reinstate your Coverage if your Premium is paid up to that time. If the Appeal Committee determines that your Coverage should be terminated for cause under this Section, we will again terminate your Coverage back to the date stated in the original termination notice. If we terminate your Coverage retroactively, we will refund any Premiums you paid for the period after the termination date, offset by the amount of any Covered Services you received during that period. Also, Priority Health is entitled to reimbursement for any payments made for Covered Services you received after your termination date not offset by Premiums you paid.

Note: If you are still eligible for Coverage under Section 2 of this Policy, we will not terminate your Coverage based on your health or your health care needs. Also, we will not terminate your Coverage just because you used the appeal procedure to file a complaint against us.

D. Reinstatement.

If your Coverage was terminated under this Policy because you no longer meet the Dependent Eligibility requirements described in Section 2.B, you are eligible to apply under a Priority Health Individual plan as a Subscriber.

If your Coverage was terminated under this Policy because you are eligible for or covered under another health plan and you subsequently lose eligibility for or coverage under the other health plan, you are eligible to enroll under a Priority Health Individual plan upon termination of your eligibility for or coverage under the other health coverage.

If your Coverage was terminated under this Policy for any reason other than those stated above, you are not eligible to enroll for Coverage under any Priority Health Individual plan following your date of termination under this Policy.

If any renewal premium is not paid within the time granted you for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy, provided, however, that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by us or, lacking such approval, upon the 45th day following the date of such conditional receipt unless the insurer has previously notified you in writing of its disapproval of such application.

The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date. In all other respects the Member and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

E. Cancellation:

We may cancel this Policy at any time by written notice delivered to the Subscriber, or mailed to the Subscriber, stating when, not less than 5 days thereafter, the cancellation shall be effective; and after the Policy has been continued beyond its original term the Subscriber may cancel this Policy at any time by written notice delivered or mailed to us, effective upon receipt or on a later date as may be specified in the notice. In the event of cancellation, we may retain the pro rata premium for the expired time or \$25.00, whichever is greater. Cancellation is without prejudice to any claim originating prior to the effective date of cancellation.

SECTION 10. Inquiry, Appeal and Expedited Review Procedure

We hope that you are always happy with the services you receive from us. We know, however, that from time to time you may have a problem or concern that you want us to address. If you have a question, concern or complaint, please call our Customer Service Department at 800.528.8762 or send us a secure email from **Priority Health Mailbox** in your **MyHealth Message Center** or contact us at priorityhealth.com. Our Customer Service representatives will help you with your problem as soon as possible.

If you are not satisfied with answers that our representative has provided and would like to ask Priority Health to change its decision, you can start the formal Appeals process. You have 180 days from the date you learn of a problem to file an Appeal with us. You can file an Appeal to ask us to change a decision about any of the following:

- Benefits (including services determined to be experimental or investigational or not Medically/Clinically Necessary),
- Eligibility,
- Rescission of your Coverage,
- Payment of claims (in whole or in part),
- How we've handled payment or coordination of health care services,
- Contracts with our Providers,
- Availability of care or Providers,
- Delivery or quality of health care services, or
- A decision not in your favor, also known as an Adverse Benefit Determination. This may include services that have been reviewed by Priority Health and denied, reduced or terminated. It also may include a slow response to a request for a decision from us.

A. Appeal Procedure

Here is a summary of the steps of the Appeal procedure:

Step 1: Filing an Appeal with Priority Health

Contact our Customer Service department or go to our website to file a formal Appeal with us. After we receive your Appeal, the Appeal Committee reviews your case. The members of the Appeal Committee may include Priority Health employees, Priority Health members, local employers that offer Priority Health coverage to their employees, and Physicians from the Priority Health Network. When a medical issue is being reviewed, the Appeal Committee always receives an opinion from a Physician.

You may attend your Appeal. You may participate via telephone or have someone act as your authorized representative at the Appeal, if necessary. We will let you know the date, time and location of the review after we receive your request for Appeal. We will explain what will happen during the review and give you, free of charge, a copy of the materials that will be reviewed by the Appeal Committee. During the review, you or your representative will have the chance to talk to the Appeal Committee.

After this review, the Appeal Committee will make a decision, and we will mail you a written response within five full business days of the review.

If you have not yet received the services for which you are requesting Coverage: The review must be completed with a final determination made within 30 calendar days after we receive your Appeal Form. The 30 calendar days do not include any days you or your representative may delay the process.

If you have received the services for which you are requesting Coverage: The review must be completed with a final determination made within 60 calendar days after we receive your Appeal Form. The 60 calendar days do not include any days you or your representative may delay the process.

Step 2: External Review

If you are not satisfied with the resolution of your problem or complaint after completing the Priority Health Appeal procedure, you may ask for an external review by the Michigan Department of Insurance and Financial Services (DIFS). The request for review must be submitted within 127 days after you receive Priority Health's final decision. You may also request review by DIFS if we do not meet the timeline requirements of our internal Appeal procedure, as explained above. B. Expedited Appeal Procedure.

Priority Health will follow a faster review process if you or your Physician tells us, verbally or in writing, that the normal time it takes for us to complete the Appeal procedure would:

- put your life in serious danger
- interfere with your full recovery, or
- delay treatment for severe pain

We will make a decision within 72 hours (three days) from the time we get your request. This timeline begins when we receive your request. During non-business hours, you can leave a message at 877.954.1035 (toll free) to make a request.

As soon as the expedited review is finished, we will contact you by telephone to tell you our decision. We will also send a letter no more than two business days later with our decision.

If you are not happy with the outcome, you may appeal to DIFS within 10 days after you receive Priority Health's decision about your expedited review. You may also ask DIFS for an expedited review if

- You have already asked for an expedited review by Priority Health; and
- Your Physician tells DIFS, whether in writing or by telephone, that waiting for Priority Health's decisions before requesting an expedited external review would put your life in danger or would interfere with your full recovery.

DIFS's expedited review will be done within 72 hours (three days) from the time DIFS receives it from you.

SECTION 11. Subrogation and Reimbursement.

When you receive payment for Covered Services, you assign (or transfer) to us all of your rights of recovery from any third party. These rights of recovery include a right to subrogation (which means that we can stand in your or your estate's shoes and sue a third party directly for an Illness or Injury for which we are providing services) and a right of reimbursement (which means that we have a right to be reimbursed out of any recoveries you or your estate receives in the future or may have received in the past from third parties relating to your Illness or Injury for which we are providing services). These rights include recoveries from tort-feasors, underinsured/uninsured motorist coverage, worker's compensation, other substitute coverage, any other group or non-group policy of insurance providing health and/or accident coverage (including, but not limited to, any insurance policy having to do with payment of medical benefits that result from an automobile accident, and any Addenda or attachments to that policy), or any other right of recovery, whether based in tort, contract, or any other body of law. This assignment is to the fullest extent permitted by law. Our rights of recovery shall not be limited to recoveries from third parties designated for medical expenses, but shall extend to any and all recovered amounts. In the case of both subrogation and reimbursement, we will be permitted to pursue a recovery amount equal to the total amount paid by us, or the cost of services provided by us, as applicable, plus reasonable collection costs, because of an Illness or Injury for which you (or your estate or guardian) have or has a cause of action. You are required, when requested, to acknowledge our rights of recovery in writing. Our right of recovery, however, is not dependent upon this acknowledgement. You must tell us immediately, in writing, about any situation that might let us invoke our rights under this Section.

You must cooperate with us to help protect our rights under this Section. You agree that these rights will be considered the first priority claim with a first priority lien of 100% of the proceeds of any full or partial recovery against anyone else. Our claim will be paid before any other claims are paid, whether or not you have recovered your total amount of damages. We must be reimbursed in full before any amounts (including attorney's fees incurred by you or your guardian or estate) are deducted from the policy proceeds, judgment or settlement.

Neither you, nor anyone acting for you, will do anything to harm our rights under this Section. If you settle a claim or action against a third party, you will be considered to have been made whole by the settlement. We expressly reject the application of any "make whole", common fund or other claim or defense to Priority Health's subrogation or reimbursement rights. We will then have the right to immediately collect the present value of our right to reimbursement, as described above. Our claim will be the first priority claim from the settlement fund. If you receive any proceeds of settlement or judgment, and if we have a right of reimbursement in those proceeds, you must hold those proceeds in trust for us. Transfer of such funds to a third party does not defeat our right of reimbursement if the funds were or are intended for your benefit. We can recover from you expenses we incur because you failed to cooperate in enforcing our rights under this Section.

For purposes of this section, the term "you" includes you and any person claiming through or on behalf of you, including relatives, heirs, assigns and successors.

SECTION 12. Provisions Required by Michigan Insurance Code**(1) Insurance with Other Insurers.**

If there is other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of a loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(2) Unpaid Premium.

Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

SECTION 13. Non-Duplication of Benefits

The benefits under this Policy are not intended to duplicate any benefits to which Members are, or would be, entitled under any other federal or state government programs. All sums payable under such programs or policies for services provided pursuant to this Policy shall be payable to and retained by us. Each Member shall complete and submit to us such consents, releases, assignments and other documents as may be requested by us in order to obtain or assure reimbursement in connection with any governmental program for which Members are eligible.

SECTION 14. Premiums

Premiums for Covered Services to be provided under this Policy are as disclosed to you on the materials supplied with your application.

The initial Premium will be effective for the full Policy Term. We may change the Premium upon 30 days' written notice to you prior to the renewal of this Policy or a change in any applicable law or regulation having a direct and material impact upon the cost of providing Coverage to Members (such as an increase in the premium tax applicable to such Coverage or revision of the Covered Services provided under this Policy to include benefits mandated by applicable laws). You may terminate this Policy as of the date that the revised Premium would become effective, by providing written notice of termination not less than 10 days prior to such effective date.

SECTION 15. Non-Renewal

The Policy Term is from 12:01 a.m. of the day Coverage becomes effective and ends at midnight on the last day of the Coverage period you selected on your application. Short-term policies can be written for two separate Policy Terms so long as the total period of coverage does not exceed six months in any twelve month period. A Condition Covered under a prior Short-Term Policy may be considered a Pre-Existing Condition under this Policy.

Summary health information has most identifying information (such as your name, your age and address except for zip code) removed, and it summarizes the amount, type, and history of claims paid under the sponsor’s group health plan. The sponsor may use this information to obtain premium bids for health insurance coverage or to decide whether to modify, amend or terminate the plan. If the sponsor of your group health plan takes appropriate steps to comply with federal privacy regulations, Priority Health may also disclose your protected health information to the sponsor for the sponsor’s administration of the group health plan.

Other uses of health information – by authorization only

Except as described in this notice, Priority Health may not use or disclose your protected health information without your written authorization. You may give us written authorization to use your protected health information or to disclose it to anyone for any purpose. If you give us written authorization, you may revoke it (take it back) at any time by notifying Priority Health’s Compliance department in writing. (See Contact Information section.) If you revoke your authorization, we will no longer use or disclose your health information for the reasons covered by your authorization, but it will not affect any use or disclosure permitted by the authorization while it was in effect. We need your written authorization to use or disclose psychotherapy notes, except in limited circumstances such as when the disclosure is required by law. We also must obtain your written authorization to sell information about you to a third party or, in most circumstances, to use or disclose your protected health information to send you communications about products and services. We do not need your written authorization, however, to send you communications about health related products or services, as long as the products or services are associated with your coverage or are offered by us.

We can provide you with a Sample Authorization Form.

A parent, legal guardian, or properly named patient advocate may represent you and provide us with an authorization (or may revoke an authorization) to use or disclose health information about you if you cannot provide an authorization. Court documents may be required to verify this authority.

Potential impact of other applicable laws

HIPAA (the federal privacy law) generally does not preempt, or override other laws that give people greater privacy protections. Therefore, if any state or federal privacy law requires us to provide you with more privacy protections, we are obligated to comply with that law in addition to HIPAA.

Our policies and procedures

We have policies and procedures in place that protect the privacy of your information.

- Every employee receives training when they are hired and on an annual basis.
- Every employee must acknowledge that they understand they are required to keep member information private. They also learn about the actions the company will take if the privacy policies are not followed.
- Priority Health has strict control of access to electronic and paper information specific to members. Only those users authorized with a password have access to electronic information. Paper information is stored in secure locations. Access is only given to those who need it to manage care for members or for administrative purposes.

Your rights regarding your health information

You have the following rights:

Right to inspect and copy

You have a right to look at and get a copy of health information that may be used to make decisions about your care and payment for your care. There are limited circumstances in which we may deny your request to inspect and copy these records. If you are denied access to health information, you may request that the denial be reviewed. If you request a copy of the information, we may charge a fee for the cost of copying, mailing, and other costs associated with your request.

To inspect and copy health information, contact Priority Health's Compliance department in writing (see Contact Information section).

Right to amend

You have the right to request that Priority Health amend any information that we use to make decisions about you. Generally, Priority Health will not amend these records if we did not create them or we determine that they are accurate and complete. To request that we amend your health information, you must write to Priority Health's Compliance department (See Contact Information section) and include a reason to support the change.

Right to know about disclosures

You have the right to know about certain disclosures of your health information. Priority Health is not required to inform you of disclosures we make for treatment, payment, health care operations, and disclosures for certain other purposes. But, you may request a list of other disclosures going back six years from the date of your request. The list will include, for example, disclosures that are required by law, for judicial or administrative proceedings, or for research purposes (unless the disclosure is also our health care operation).

To request a list of disclosures, you must send your request in writing to Priority Health's Compliance department. (See Contact Information section) Your request must specify the time period desired. There will be no charge for the first list you request within a 12-month period. There may be a fee for any further requests.

Right to request restrictions

You have the right to request a limit on the health information that we use or disclose about you. We are not required by law to agree to your request. If we do agree to your request for restriction, we will comply with it unless the information is needed to provide emergency treatment. To request restrictions, you must make your request in writing to Priority Health's Compliance department (See Contact Information section) In your request, you must tell us:

- What information you want to limit.
- Whether you want to limit our use, disclosure or both.
- To whom you want the limits to apply.

Priority Health will notify you (either in writing or by telephone) when we receive your request and of any restrictions to which we agree.

Right to Request Confidential Communications

You may request that Priority Health communicate with you through alternative means or an alternative location. Priority Health will agree to your request if you clearly state in writing that communicating with you without using the alternative means or location could endanger you. Priority Health will accommodate your request if it is reasonable, specifies the alternative means or location, and permits us to collect premiums and pay claims.

To request confidential communications, you must make your request in writing to Priority Health's Compliance department. (See Contact Information section)
