

Keep your workforce healthy and productive...

Lyric Health is your trusted partner to provide your employees with access to virtual care around the clock, saving you money and keeping your workforce healthy. Employees can connect with a primary care physician via telephone or video for medical consultations whenever and wherever they need care.

Benefits of Virtual Care to Employers

- Instant access to doctors cuts down on missed work time related to minor health issues
- Helps prevent minor employee health issues from becoming costly conditions
- Reduces employer costs related to employee doctor's office and ER visits
- Improves access to healthcare for employees in remote locations

24/7 Access for Employees

The American Medical Association notes that 70% of doctor's visits can be handled by telephone. MyTelemedicine gives your employees easy, streamlined access to board certified doctors via phone, email or video call 24/7.
