How it Works

Download the “Lyric Health” app, login online or call 1.866.216.3883 to speak with a member of our CARE team to schedule a consultation with a physician licensed in member’s state.

A member of our Care team will triage and update the member's Personal Health Record (PHR), populate their health risk assessment (HRA) and schedule your annual wellness panel.

Member connect's by phone or video with their selected provider who can help you with the flu, anxiety, stress, skin conditions, and much more. We're available from wherever you are by phone, video, or app.

Whether it's a prescription sent to the pharmacy of your choice, the guidance from a CARE coordinator, or a review of your condition from a medical expert, we're ready to help.

Choose a plan that's right for you
