

How to Complete Humana MAPD & PDP Certification & Recertification

Important: The initial Certification and Recertification courses will certify agents to sell both Medicare Advantage Prescription Drug (MAPD) and Prescription Drug Plan (PDP) products. Agents **must successfully complete the entirety** of the training requirements to be certified in all Humana Medicare Advantage (MA) and PDP products.

Looking for PDP-only guidance? Humana is no longer offering PDP-Only Certification and Recertification. The certification and recertification will certify you to sell all Medicare products.

How to Complete Certification and Recertification

Basic Medicare and FWA Training

Agents are required to complete the CMS Annual Medicare and Fraud, Waste & Abuse training. Completion is a mandatory part of both certification and recertification.

Externally contracted Partner and Strategic Alliance Agents have the option of completing either AHIP or NABIP to satisfy the CMS required training.

The two (2) options will be available to you in your course enrollment. You are only required to complete ONE of the options. Agents who access either AHIP or NABIP training through Humana's certification or recertification courses will receive a discount on their purchase cost for that training.

Upon completion of the **AHIP/NABIP Pre-Training Attestation** in the course outline, both the AHIP and the NABIP training links will be activated. Agents will select the option they either want to complete OR have already completed. *Agents that have already completed the AHIP or NABIP training must click the link for that option to sign in on the site via Humana and allow the score to transfer over.*

Humana's Internal Career Field/Telesales and Medicare Exclusive Agents (State Farm) will be assigned training that contains the Humana Medicare and Fraud, Waste & Abuse (FWA) version.

Basic Medicare and FWA Training Testing Requirement

Humana requires that agents pass the CMS Annual Basic Medicare and FWA course test within the first **six (6) test attempts**. Any passing test score earned after the first six (6) attempts is not accepted and agents cannot certify with Humana to market Medicare Advantage plans for that selling season.

NOTE: AHIP grants three (3) test attempts per purchase. If you need additional attempts, you may purchase another enrollment at your own cost. NABIP grants six (6) test attempts per purchase.

CarePlus in Certification

Agents who sell in Florida will complete the CarePlus training within the products part of certification to earn the CarePlus appointment. This training is mandatory for all certifying agents who sell in Florida.

3. The certificate will display. You will know it is the correct overall certificate if it is horizontal. Individual Course certificates are vertical. This is a PDF, so when you hover over it, you will see options to either print or save it. You can also go to File → Print in your browser.

After successfully completing the Humana initial certification course or the recertification course, you will be certified to sell both MAPD and PDP products for the next plan year.

Ready to Sell (RTS) Status

Ready to Sell (RTS) is based on your contract, license, and certification status.

The course completion certificate and Course Completion Notice email acknowledges agents have completed the certification portion of the process.

To confirm your status, you can do one or more of the following:

1. Check your RTS status with your Agency.
2. Verify your license, appointment, and certification status with Humana directly in Vantage. You will find this information under the Licensing, Certification and Contracts card.
3. If still unsure about your Ready to Sell status, you can call the Agent Support Unit (ASU) at 1-800-309-3163 to have a representative check your RTS status.

Thank you for certifying with Humana!
